**INDIA'S
FASTEST GROWING
PLAY EQUIPMENTS
BRAND**

The Joy of Growing™

We believe in the magical charm of childhood. The age of vigorous growth and unparalleled joy. When the little ones are at play, they explore, engage, make friends, learn new things, use their muscles, practice hand-eye coordination and stimulate healthy growth. They develop on different levels - physical, mental, emotional and social.

A playground provides a non-prescriptive environment, where children can develop these skills. At Replay, we manufacture each play equipment with the solemn responsibility to create moments of joy for the little ones.

Our Brand

Our brand identity is built on the understanding that the best way to grow is by playing. We are here for such joyful moments and the name, Replay, stands for making play environment inviting enough for children to indulge again and again.

Our logo form: Circle Of Joy

We believe childhood can be an endless circle of enjoyment, and it is represented through a circular form in our identity. It is also a commitment to create a complete world of joy for the little ones.

Identity Colours: Fun & Growth

PINK

The healthy, joyful colour that's both playful and soothing. It's the colour that most girls love to associate with in their growing years.

BLUE

The colour of the sky, limitless joys and the oceans that children paint. This colour is universally associated with boys.

YELLOW

One of the brightest and the most cheerful colours that creates vibrant and joyful times for children.

VIOLET

Subtle and bright at the same time; this is a playful, enticing colour for children.

Through these colours and the circle of endless play, Replay as a brand embodies the commitment that we have made to our future generation of gifting them with the joy of growing.

Replay

Committed to world-class play environments

Founded in 1992, Replay a brand of Raj Equipment (India) Pvt. Ltd. is a leading innovation and design driven playground equipment company. Worker Cottage

At Replay, we have invested in creating world-class infrastructure to manufacture a complete range of play equipments in-house. A rigorous end to end manufacturing, fabrication and installation process is in place. Our equipment are created with special machines imported from Germany and only the finest raw materials, dyes, etc. are used. Each play equipment is designed to give you years of usage without colour fading, damage or any other safety concerns.

Design Cell

Our in-house concept and design team brings alive the most stimulating concepts for play equipment for children. The design team is supported by equipment engineering, materials and fabrications team to create path-breaking designs.

Pioneering Design for the Disabled

Continuing with our belief that playing is every child's right, we have pioneered the design of special play equipment for disabled children. These equipment create an equal opportunity for the disabled child to have a fun time.

Planning to Execution

Building play environments that facilitate growth

Project Planning

At Replay, we pride ourselves on our ability to understand the vision of our clients. We conceptualize your projects from concept to completion based on your personal preferences, while giving consideration to your minutest requirements. Our goal is to exceed the expectations you have from us, every time.

Space Designing

We have a dedicated team of play space designers and graphic artists. This team is led by an expert landscape architect. Based on our understanding of your requirements and a visit to your site, we share a robust plan for your project.

Installation

Our team of installation engineers hold more than a decade of experience, with backgrounds in Landscape Architecture, Civil and Mechanical Engineering. Installation is done under the expert supervision of our engineers.

Process Map

Design

Our design team is comprised of play space designers and graphic artists, led by an expert landscape architect. We visit your site and get a thorough understanding of your requirements, based on which we present comprehensive proposals and designs.

Choice of Colours

We present a detailed colour scheme for the play space that is best suited to the project based on various factors such as surrounding age group, as well as the way colours psychologically affect humans. We use high quality UV grade PU paint and powder coating for colouring play equipments.

Raw Materials

Once design and colours are finalised, we procure raw materials for construction of play equipment. We use high quality materials for making equipment which include LLDPE (linear low density poly-ethelyn) roto moulding powder, GI Pipe, CR sheets and HDPE (High Density Poly-Ethylene).

Moulding

The play equipment start taking shape in the moulding stage. We use state-of-the-art roto moulding machine, which offers smooth and highly detailed finishing for the smallest of components.

Fabrication

Moulded components are then put together to create the final product. Fabrication is done with high precision and an eye for detail.

Finishing

Each component and finishing is checked and rechecked, and required final touches are applied to ensure the product meets all requirements. We ensure each product meets the quality standards we have set for ourselves.

Packing

Finally, the equipment are carefully packed and prepared to be shipped. Packaging is done to ensure utmost safety of the equipments in transit.

Installation

Our installation engineers will visit your site within 2 days of delivery. The installation team is comprised of engineers from varied backgrounds such as Landscape Architecture, Civil and Mechanical Engineering with experience of over a decade.

Safety, Strength And Long-Lasting Joy

Every component is created with due diligence

- Powder coated and rust-free steel pipes, metal sections, handrails, etc. created from the best quality steel
- Metal parts are checked for electrical resistance, exterior durability and adhesion support
- Plastic components are created only with the highest UV-grade of LLDPE
- Roto moulding machine is used to get smooth finish in every component
- All products use a unique minimum maintenance fasting system called the TRUE SAFE system

Uncompromised Customer Service

Our Customer Service Team is regularly in touch with you to ensure proper functioning of our equipment. A dedicated Maintenance Team comprising of highly experienced engineers is always there for you, to undertake maintenance as and when required. It is our constant endeavour to meet and exceed your expectations by extending effective, convenient and fast services to you.

Testimonials

We have been associated with Replay for many years for our requirements, and have consistently found them to be well-organised in every aspect.
Mr. Sanju Shirodkar - Deputy Purchase Manager, The Leela (Goa)

We have purchased only cast iron bench for our institute. The performance of the same is very good.
Mr. G. Sing - DGM, Ordnance Factories Institute of Learning Ambajhari (Nagpur)

We are satisfied with the service provided by Replay in delivering the products. They are working very well.
Mr. Amit Arora - Manager, BPCL (Jammu)

Replay's multiplay station was an instant hit with preschoolers. The EPDM flooring has added safety and glamour to the play area. We are glad to have gotten associated with Replay.
Ms. Veena - Asst. Principal, Lucky International School (Jodhpur)

The said works were satisfactory & executed within said deadlines.
Mr. Ashwin Mane - BDM, Godrej Properties (Nagpur)

Thanks for your commitment to us. We appreciate the completion of our project within timelines.
Mr. Ahmad Khan - Purchase/Store, Stepping Stones High School (Aurangabad)

We purchased animal-shaped FRP dustbins for National Academy of Indian Railways at Vadodara, and we must say we are highly satisfied.
Mr. Hemant Shukla - Sr. Health Inspector, Indian Railways (Gujarat)

The products are very good. They are well-designed and colourful.
Mr. Kavindra Sharma - Director, Panchsheel Builder (Delhi)

Your support, timely dispatch of equipment and flush fit installation deserve heartily appreciation. It merits mention that the quality and finish of your product are of exceptional standards.
Mr. M R Khan - Wg. CDR, Airforce School (Agra)

The products are very good. They are well-designed and colourful.
Mr. Kavindra Sharma - Director, Panchsheel Builder (Delhi)

We found Replay's range of play equipments to be very good. The quality and colour are top notch. Kids are enjoying it.
Mr. Raj Kanojiya - Director, Vardhman Park (Ludhiana)

We're satisfied with the quality and service of Replay's children's play equipment for our project Ensara Metropark.
Mr. Neeraj Bhatiya - Business Head, Luxora Infrastructure Pvt. Ltd. (Mumbai)

Replay has been very good. We're happy to see kids enjoying themselves. Thank you, Replay!
Mr. Pankaj - Purchase Officer, JSW Ispat Ltd. (Kalameshwar)

The quality of Replay's children's play equipments is very good. Children are enjoying themselves using these play equipments.
Mr. Ashish - Purchase Head, Mantri Group (Pune)

It was really nice dealing with Replay. The quality of products and services is very good.
Ms. Jaya - Teacher, Vajra Army School (Amritsar)
